

SO STILL

*Taking from space
Borrowing from time
Living on cue
Forgetting sometimes
Making mistakes
Chasing the sun
Asking the crystal ball to tell
Who has won?*

*Setting the pace
That brings you down
Thinking illusions
Can figure it out
Taking a break
Not making a sound
Seeking for
A higher ground*

*So still
Beauty is found
So still
Desires – no sound
So still
Heaven around
So still
Taking you down*

*Chancing a hand
At making a grand
Losing it all
Confusion abound
Placing a stake
On what's guaranteed
Losing it all
Feeling the deceived*

*Looking
Seasons on end
Where it's all gone
reason commends
Children's grown
Left all alone
They're all on their own
We are all on our own*

*So still
Beauty is found*

So still

Silence – no sound

So still

Heaven around

So still

Taking you down (taking you,down)
