

SOMEHOW NOW

*On the road to be there
I'm breathing just enough
I swam the ocean deep
Still I cannot find no luck
It's a new experience
Laughing out loud
The freedom that we all can find
In the oneness of this crowd
In this time when nothing satisfies*

*Somehow, you make it feel real good
It's a wonderful world, in your neighbourhood
Somehow, you make it feel real good
Seems like you've been where angels stood*

*Sometimes I feel like
I'm outside looking in
Still bearing the cross
When I'm free from all sins
It's a new experience
Laughing out loud
The freedom that we all can find
In the oneness of this crowd
In this time when nothing satisfies*

*Somehow, you make it feel real good
It's a wonderful world, in your neighbourhood
Somehow, you make it feel real good
Seems like you've been where angels stood*

*Somehow now
Somehow now
Somehow now, baby,
Somehow!*

*Somehow, you make it feel real good
It's a wonderful world, in your neighbourhood
Somehow, you make it feel real good
Seems like you've been where angels stood*

*Somehow, you make it feel real good
It's a wonderful world, in your neighbourhood
Somehow, you make it feel real good
Seems like you've been where angels stood*

*Somehow now, you make me feel real good
Yeahhhhhh*
