

SPINNING TOP

*Spinning top, don't stop
Working your way back through time
Spinning wheel, don't feel
The rigours of my wandering mind*

*I don't wanna think no more
Keep me driving through
I don't wanna hear no more
The voices I once knew*

*Spinning top, don't stop
I don't be where I belong
Spinning wheel, don't feel
This feeling that sometimes gets you down
Spinning top, keep going
Freedom is somewhere out of town
Spinning wheel, keep turning
Until our destiny is one*

*The sun drifts behind
Summer's early, winter's now in June
The world's still hangs out
It's losing face, falling down
Grey clouds embrace the dawn
Rainfall breaks the windless morn
Fading now in wondrous hue
Not a trace, no me, no you*

*I don't wanna think no more
Keep me driving through
I don't wanna hear no more
The voices I once knew*

*Spinning top, don't stop
I don't be where I belong
Spinning wheel, don't feel
This feeling that sometimes gets you down
Spinning top, keep going
Freedom is somewhere out of town
Spinning wheel, keep turning
Until our destiny is one*

*Yeah-e-yeah-e-yeahhhhh
Going round again
Yeah-e-yeah-e-yeahhhhh
Spinning round again, mmm-hmm
Yeah-e-yeah-e-yeahhhhh
Another day again
Yeah-e-yeah-e-yeahhhhh*

Spinning round again

*Spinning top, don't stop
I don't be where I belong
Spinning wheel, don't feel
This feeling that sometimes gets you down
Spinning top, keep going
Freedom is somewhere out of time
Spinning wheel, keep turning
Until our destiny is one*

*Spinning top, don't stop
I don't be where I belong
Spinning wheel, don't feel
This feeling that sometimes gets you down
Spinning top, keep going
Freedom is somewhere out of time
Spinning wheel, keep turning*
