

STAY BEAUTIFUL

*Button up your overcoat for it starting to rain
Don't walk under ladders it might bring you pain
Too much chocolate ain't good for your health
all that cholesterol you might lose you stealth.*

*You look so fine all of the time you are perfect for love
You look so fine all of the time you are perfect for love*

Stay beautiful for me, beautiful for me, beautiful for me.

*Don't look up too long the sun might hurt your eyes
Don't work too hard there is not much to gain
Today wear your hair long it suits your face
and keep smiling it's in good taste.*
