

Take The Sun

*(Spring, summer, autumn, winter.
Take the sun (it shines for me)
Spring, summer, autumn, winter.
Take the sun (it shines for me)*

*I take the sun
I'll take the sunshine
The sun shines out for me
I take the sun.*

*So many lazy days
Walking in the sunny haze
Feeling fine, for the sun is out for me
Love to take a dip, in the deep blue sea
Feeling fine, for the sun shine on me*

*I take the sun
I'll take the sunshine
The sun shines out for me
I take the sun.*

*Never ever been a day like this
Full of hope and promise
Lord I'm written off the doctors list
Sun to shine on me lord I cannot resist
Never ever been a day like this
Full of hope and promise
Lord I'm written off the doctors list
Sun to shine on me lord I cannot resist*

*The sun shines out for me
For me for me sunshine, sunshine for me oh woo*

*Don't wanna live always
Gotta enjoy some days
Wanna live always,
like the sun is out for me.
Just wanna have a sip
Little bit of joy and bliss
A few babes to kiss
Let the sun shine out for me*

*I take the sun
I'll take the sunshine
The sun shines out for me
I take the sun. (rpt)*
