

This World

*Another child is born
Another race is won
Another dream is shattered
Another day has begun*

*This world is still afloat
No not in Noah's boat
We've only lost the vision
Of the stars we're meant to be*

*Another broken heart
Another lesson learnt
Another harvest eaten
Another night is gone
A new day's begun
Even your dreams they can be real*

*This world is still afloat
No not in Noah's boat
We've only lost the vision
Of the stars we're meant to be*

*This world is still afloat
No not in Noah's boat
We've only lost the vision
Of the stars we're meant to be*

*This world is full of love
We still have hope
This world is full of love
We still have hope
This world is full of love
We still have hope*
